CLIMBS TREE AT AGE NINETY—Mrs. Eugenia Frazier, 90 years old, celebrates her birthday by climbing a maple tree near her home at Springfield, Vt., before making a trip to Bowmanville, Ontario, Canada, where she was born in 1866. In previous years she has roller skated, sledged, skipped rope and rode a bicycle to celebrate her birthday. She said "I misspent my youth and now I'm making up for lost time."

Many Amateur Hypnotists Take Persons Back

'Bridey Murphy' Story Disturbs Many Clergymen, Psychologists

EDITOR'S NOTE: Can hypnosis carry a patient back to another life in another era? The question is in many minds, due largely to a book which has rocked to the top of most best-sellers lists. What do psychiatrists and other researchers say? Here is the result of an AP survey of several outstanding figures in the field.

By WATSON SIMS

NEW YORK (AP)—A veteran news reporter in Olympia, Wash., was amazed several days ago by a state trooper's "dramatic experiments in hypnosis."

"I saw him purportedly take three different persons back to a period in time before they were born," the reporter said.

Salem Pupils Win 15 Top Music Awards

Fifteen superior ratings were awarded to Salem High School students who participated in the district solo and ensemble competition Saturday at Mount Union College.

Salem's 21 entries included a clarinet quartet, woodwind quintet and flute trio. The event was sponsored by the Ohio Music Education Association.

Receiving superior or I ratings were: Marilyn Schramm, soprano; Bob Taylor, cello; Joan Slaby, saxophone; Howard Pardee, clarinet; Sandy DeJane, bassoon; Tom Alt-house, baritone horn; Steve Wald, cornet.

Greta Lewis, french horn; Walter Pim, bass horn; Dixie Wilde, piano; Rita McArthur, piano; Lynn Bates, piano; flute trio, comprised of Mary Mercer, Janet Williams and Marilyn Theiss.

Clarinet quartet, Howard Pardee, Martha Dougherty, Barbara Erath and Karen Klein; woodwind quintet, Mary Mercer, Diana Crowe, Meredith Livingston, Howard Pardee, and Sandy DeJane.

Second place or excellent ratings were given to: Dave Freshley, tenor; Bob Reich, baritone; Linda Whinery, violin; Don Seba, saxophone. Receiving third or very good ratings were Sandra Gray, clarinet; and Donna Rhodes, soprano.

The students attaining superior ratings will enter the regional state final competition scheduled for Kent State University April 14.

Knox School Reopens

Knox Local School reopened this morning after being closed since Feb. 27 because of an outbreak of scarlet fever among the students, John Pickens, superintendent, reported.

More than 90 cases of scarlet fever had been reported among the school children since the outbreak began in January. The school was closed for the first time Jan. 24 after eight cases of the disease were reported to the Columbiana County Board of Health.

Many Similar Experiences

Across the nation, many other reporters have recently found similar experiments to write about or even take part in.

One writer appeared on a television network while supposedly in the state of a 17th century German leather worker.

In Shawnee, Okla., a youth left a suicide note saying he wanted to investigate the theory of reincarnation in person.

And in California, a hostess, taking note of the times, sent out party invitations which instructed: "Come as you were."

The answer seems to lie in an amateur hypnotist's book which suggests that one can be used to prove the other.

The author, Morey Bernstein, placed a Colorado housewife under hypnosis and told her to go back in memory "until, oddly enough, you find yourself in some other scene, in some other place, in some other time. . ."

Lived In Ireland

The statement she subsequently made, says Bernstein, indicate that the woman lived in Ireland 200 years ago as Bridey—or Bridget—Murphy.

Published only a few weeks ago "The Search For Bridey Murphy" is now in its 8th printing (145,000 copies) and demand is far outstripping supply. It has been serialized by 42 newspapers and purchased for a movie.

By way of by-products, the book has stimulated activity by other amateur hypnotists and has deepened disturbed clergymen and psychologists.

Clergymen object on the ground that conclusions are being drawn which contradict basic tenets of Christianity.

Psychologists, who often use the technique of taking patients back in time to study human behavior, object on two counts:

1. They maintain that no information has been gained in this manner which could possibly support reincarnation, the theory of an earlier life.

2. They say that actual mental or physical harm could be caused to subjects who lend themselves to experiments by amateur hypnotists.

"Hard scientific evidence says that hypnosis is an explosive time to play with," says the American Psychological Assn., an organization of 15,000 psychologists and research psychiatrists.

"Psychological research on the subject has not yet told us enough about it so that it can be used except with great care."

Seeking to check the scientific background for taking a subject back in time, The Associated Press queried five outstanding authorities who have engaged in research in hypnosis. They were unanimous and emphatic in denying that such

Ford Says Aide Sought Gifts For GOP Campaign

Says No Pressure Put On Dealers, No Company Funds Used

WASHINGTON (AP)—Henry Ford II said today his assistant, as a private individual, sought contributions from Ford dealers in 1952 for President Eisenhower's election campaign.

But he insisted, in testimony prepared for a Senate Commerce subcommittee, that no pressure was put on the dealers, no company funds were used, and no other company personnel were involved.

Ford said that under those conditions, Allen W. Merrell, who at the time was a member of the Republican National Finance Committee.

Ford said he never learned which dealers did or did not contribute, though he understands that many did and that the total amount was substantial.

"I also know," he added, "that a large group of our dealers are staunch Democrats and I have heard that they contributed generously to the campaign of Democrat candidates."

Ford said the Ford Motor Co., as such, would not support the political candidacy of any person, financially or otherwise.

"But what any employee of the company does in his own behalf and acting as a private citizen," Ford added, "is another matter and one of his own concern."

Milton Ratner, a Chicago Ford dealer until he lost his franchise last year, told the subcommittee Feb. 23 another dealer asked him to give \$1,000 to the Eisenhower campaign. He said he was told "the office of Henry Ford" wanted \$50,000 for the purpose from Chicago dealers.

Ratner said he did not contribute, but "as far as I know," he was one of only two dealers in the city who did not.

Ford did not mention Ratner by name nor refer directly to his testimony, but he volunteered the statement that "I did not—nor did anyone else in Ford Motor Co. to my knowledge—exert any pressure, directly or indirectly, on our dealers to support either of the presidential candidates in the last election."

The subcommittee, headed by Sen. Monroney (D-Okla.), is investigating automobile marketing practices and it was with that subject that most of Ford's testimony dealt.

One Person Injured In Area Road Mishaps

One person received minor injuries in one of four traffic mishaps investigated by state highway patrolmen over the weekend.

George Beadnell, 31, of RD 4, Lisbon, lost control of his northbound car on a curve on Rt. 9, three and one-half miles south of Salem, at 1:30 a.m. Sunday, causing his auto to leave the road and hit a utility pole.

Beadnell told patrolmen he was forced off the road by an unknown car. He received contusions of the head and shoulders in the crash but did not require treatment. The car was demolished, patrolmen said.

In a mishap at 1:30 p.m. Saturday on Rt. 7, four miles north of Rogers, a car operated by Richard White, 21, of Youngstown and an auto driven by Frank Armstrong, 49, of East Liverpool collided when White attempted to pass an unknown vehicle as Armstrong attempted to pass White's auto.

Minor damage was sustained by both cars, patrolmen said.

A car driven south by Galen Bricker, 41, of RD 1, Leetonia, on Rt. 45, one and one-half miles south of the city, at 4:20 p.m. Saturday, was sideswiped by a northbound hit-skip car causing minor damage to Bricker's car, patrolmen reported.

Route 14, one mile east of Salem, was the scene of a freak mishap at 10:15 a.m. Sunday.

A tandem trailer wheel of an eastbound tractor-trailer operated by Howard R. McFarland, 27, of North Manchester, Ind., broke loose from its lugs and rolled across the front yard of Earl Spencer of RD 5, Salem, crashing into Spencer's car parked in the driveway.

Besides damage to the truck wheel, minor damage was received by the car, patrolmen said.

U.S. Supercarrier To Join Fleet In Mediterranean

70,000-Ton Forrestal, 26 Other Ships Anchor At Guantanamo, Cuba

ABOARD USS FORRESTAL, Guantanamo, Cuba (AP)—The United States will send this super aircraft carrier, the most powerful vessel of its fleet, to bolster American naval forces in the Mediterranean next January.

This was disclosed by ship officers today as newsmen arrived to witness the first public demonstration of the 70,000-ton carrier's jet plane operations.

27 Ships Anchored

At anchor at Guantanamo Sunday night were no less than 27 warships. Adm. Arleigh Burke, chief of naval operations, took note of this in telling Navy personnel here:

"The vast changes in weapons systems which are occurring in the Navy today are indicated by the presence in Guantanamo right now of four of the Navy's newest ships—the Boston, world's first guided missile cruiser; the Forrestal, newest, largest and most modern aircraft carrier; the Northampton, newest and finest command and communications ship; and the Forrest Sherman, the first of the new class of destroyer."

Other Ships Present

In addition to the fighting ships named by Burke, who came to Guantanamo from the Joint Chiefs of Staff conference in Puerto Rico, vessels here also include the 27,000-ton carrier Antietam; 345,000-ton battleships—the New Jersey, Iowa and Wisconsin; 2 heavy cruisers, the Salem and Des Moines; 15 destroyers; and 2 submarines.

Capt. Roy L. Johnson, native of Big Bend, La., and skipper of the Forrestal, said that after this new flat-top has finished her shakedown cruise she is due to go into the yard about May 5 for changes found desirable.

Postshakedown changes should be completed by November, the captain said.

This will mean that the Forrestal will be able to conduct brief trials and go to join the 6th Fleet in the Mediterranean by January.

This carrier's present complement is about 80 planes.

Margaret Truman To Wed Clifton Daniel Jr. In April

INDEPENDENCE, Mo. (AP)—Former President and Mrs. Harry S. Truman today announced the engagement of their daughter, Mary Margaret, to Clifton Daniel Jr., assistant to the foreign news editor of the New York Times.

Mr. Truman, who made the announcement for himself and Mrs. Truman at a press conference, said the wedding would be held in Independence in April.

Asked by a newsman when he and Mrs. Truman first received word from their daughter about the engagement Truman said: "That is something you will have to talk to them about."

Youth, 17, Held For Slaying Of School Girl, 18

KAUKAUNA, Wis. (AP)—The bludgeoned body of Theresa Van Der Horst, 18, a senior at Kaukauna High School who had been missing from her home for two nights, was found Sunday in the basement of a neighbor's house.

Dist. Atty. Fred Froehlich said Michael McCormick, 17, a junior at the high school, was held without charge.

Froehlich said McCormick admitted in an oral statement that he had beaten the girl on the head with a brass shell case and stuffed her body in an alcove in the basement.

The district attorney said McCormick related that he and the girl met in the basement Friday night. She told him she was pregnant and threatened to tell his parents that he was responsible if he did not run away and marry her. Froehlich quoted McCormick as saying:

County Coroner Bernard H. Kempis said a preliminary autopsy report indicated the girl died of suffocation.

JURY LIST SELECTED

LISBON — Fifty names were picked this morning from the jury wheel to serve as grand and petit jurors for the April, 1956 term of the Columbiana County Common Pleas Court.

Thomas Abraham of East Liverpool and James F. Gregg of Salem are the jury commissioners.

When he arrived in the state, Kefauver retorted:

"Ridiculous. We've received mighty little money from anybody and no governor has given or offered us any contribution. I wish they would."

Health Board Moving Into City Hall Office

The offices of the Salem Board of Health is moving into City Hall today, Mayor Dean B. Cranmer reported.

Mayor Cranmer called the move an "efficiency reorganization." The Board of Health clerk, sanitarian and visiting nurse will be lodged on the second floor in the former office of the state driver examiner. Drivers' tests will now be given in the council chamber.

Shops, Schools, Banks Closed In Protest Action

Greek Government Suspends Teaching Of English In Schools

NICOSIA, Cyprus (AP)—A spontaneous general strike spread like wildfire throughout Cyprus today, virtually paralyzing all business on this British colony island in the eastern Mediterranean.

Shops, banks and schools were closed in protest against Britain's exile of Archbishop Makarios, leader of the union-with-Greece movement.

No specific call was made by any organization for the general strike. Many of the shops had been closed since Saturday.

British troops, wielding batons dispersed a small crowd outside the Phanomenon church in Nicosia after the crowd had stoned a patrol car. The British threw a cordon of soldiers around the church.

Another group of 200 demonstrators was dispersed without incident near Metaxas Square. British troops patrolled the streets of this tense capital.

Mass Meetings Banned

In Athens, the Greek government banned mass meetings called for today in protest against the deportation of Archbishop Makarios to a remote Indian Ocean island.

Greek Premier Constantine Karamanlis proposed that the United States take a hand in settling the British-Greek dispute.

"If the United States, as leader of the free world, fails to use its tremendous moral and material forces to discipline the free world to the principles of justice and freedom," he said in a talk with visiting American publishers. "The future of the free world should be a matter of grave concern."

A dispatch from Nairobi, Kenya Colony, said Archbishop Makarios and three Greek orthodox priests deported with him are on the way to the British frigate Loch Fada.

20 Clubs Formed By Brothers of Brush

Twenty chapters of the "Brothers of the Brush" have been established in Salem among groups of beard-tending men, Robert Kaminsky, Brothers of the Brush chairman, said today.

Charters have been issued to these clubs, established mostly in local factories and restaurants where the members work or eat.

Many of the clubs have humorous names in keeping with the festive spirit of the organization, Kaminsky said.

The Dering Co. has eight chapters, including the "Two - Tone Club," "Demping Brissel Club," "The Smoke Eaters of '56," "Fuzzy Wuzzy Club," "Whiskers of Wisdom," "Ev-Ah-Son Strays," "Convertible Jet" and "Demping Brush."

These clubs total 146 members. The United Tool and Die has "The United Hair Chapter" with 32 members and the Electric Furnace Co. has two groups, "The Little Shavers" and the "Shaveless Wonders," with 29 members each.

Schnell Tool & Die has the "Schnell's Mo-Hair-ers" with 24 members. Youngstown Kitchens' "Mullins Club" has 15 members. Salem China has 24 members in its "China Whisker Club" and E. W. Bliss counts 68 members in the "Bliss Brushes."

Happy Day Casino has 100 members in its group. The Hub Restaurant has a club called the "Briar Patch Club."

The "Whiskers Club" with Homer Woodring as president has 29 members. The Uptown Merchants Club calls their chapter of 18 members "The Whisketeers."

Arrangements are being made for a meeting of all "The Brothers of the Brush" in the near future, Kaminsky said. Members will be notified of the time and place in the Salem News, he said.

Lions Cub Will See Grand Canyon Slides

The Lions Club will hold its regular dinner meeting Tuesday at 6 p.m. at the Lake Hotel. Fred Puttkamer of Greenford will show pictures of the Grand Canyon.

10 Persons Die On Ohio Roads

Several Freak Mishaps Reported On Weekend

By The Associated Press
Ohio's weekend fatality toll was marked by several freak accidents and a normal number of highway deaths.

An Associated Press survey from 6 p. m. Friday to midnight Sunday showed at least 10 persons were killed on the state's roads. Two persons fell to their death, two died by fire and one youngster drowned.

An inmate of Columbus State Hospital, noted for his previous escape attempts, plunged 60-feet to his death. A makeshift bed sheet "rope" he was descending came apart in another try to flee the institution.

A Michigan man also took a fatal plunge from an Akron hotel window in what police said apparently was an accident.

A Toledo infant burned to death in his crib when a defective vaporizer apparently set fire to his bed clothing.

A Vienna man also was fatally burned while helping to put out a grass fire in Trumbull County.

And a Newton Falls youngster tumbled into the Mahoning River and drowned.

The list of fatalities:

Friday:

Carl Hilton, 40, Cleveland, hit by a car in the city.

Saturday:

Bernard E. Monnot, 45, Canton, hit by a car on Ohio 62 east of Canton.

John R. Little, 29, Pontiac, Mich., in a fall from a fifth floor window of an Akron hotel.

Robert Leroy Dandey, 8, Newton Falls, tumbled in and drowned in the Mahoning River at Newton Falls after playing by the river bank.

Roger Andre, 21, and Robert Hickman, 21, both of Waverly, when their car struck a tree in the town.

Alton C. Richardson, 35, Northfield, in a collision between his motorcycle and a car in Walton Hills near Cleveland.

Harry H. Montague, 33, Columbus, in a 60-foot plunge when his makeshift bed sheet "rope" parted during an escape try from Columbus State Hospital.

Winfield B. Cassidy, 71, Vienna, when his clothing ignited while he helped to extinguish a grass fire on a farm near Vienna.

Sunday:

Ralph L. Sisson Jr., 10 months, Toledo, when bed clothes were ignited by a faulty electric vaporizer as he lay in his crib.

Mrs. Mary Kane, 30, Akron, in a two-car collision in Cuyahoga Falls.

Grady Jackson and Ollie Sowell, 48, both of Cleveland, in a head-on collision of two cars on U.S. 42, nine miles south of Mansfield.

Keith Moss, 24, Richmond, Ind., in a collision between his motorcycle and two cars on Ohio 40 just east of the Indiana line.

William Cook, 13, Delhi Twp., when a motorbike he was riding collided with an auto on Delhi Pike near Cincinnati.

James Clarence Stump, 55, Rt. 1, Laurelville, hit by a car 16 miles northwest of Logan on Ohio 180.

Seek Relatives Of Man Found Dead At Campfire

CARROLLTON, Ohio (U) — Relatives of Ignace Nowak, a farm worker who had no home but had two bank accounts, were being sought by county officials today.

Nowak's body was found Friday beside a campfire near Magnolia.

Death was due to natural causes, authorities said.

Two bank deposit books and \$210 were rolled tightly in a tobacco bag pinned inside his underwear.

Sheriff Richard Beamer said. The bank books showed balances of \$961 in the Farmers Merchant & Exchange Bank in Smithville, Wayne County, and \$149 in the National City Bank of Cleveland.

Beamer said Nowak had worked on a potato farm near Smithville last summer.

When you iron embroidered table linens or children's clothes, place the embroidered part face down on a soft fluffy towel; this will make the pattern stand out.

FOUND DEAD — Ten-month-old Donald Leicester, shown here with his mother, Mrs. David Leicester, in a recent photo, was found dead in a bassinet in the family station wagon in Corte Madera, Calif. Police say the child, who was coughing, crying and suffering from croup, was placed out in the garage because the parents felt they "needed their sleep."

Southern Democrats May Form 3rd Party On Segregation Issue

WASHINGTON (U) — Several Southern senators held open today the possibility of a third party movement if the Democratic National Convention should commit the party firmly in favor of school integration.

Sen. Strom Thurmond (D-SC), who led the Democratic States Rights party which captured four Dixie states in 1948, said he knows of no third party move at this time.

"But I have enlisted with the South Carolina Democratic party and if any dispute arises with the national party organization, I will be with the South Carolina Democratic party," he said.

Another Southern senator predicted Dixie delegates will walk out of the convention if it endorses the use of force to bring about school integration.

Sen. Russell (D-Ga.) voiced the opinion that what happens in the way of any third party move "will depend on what happens at the convention, what kind of a platform it writes and what candidate it nominates."

Southern legislators set forth their views on the integration question Sunday in a "manifesto" signed by 19 senators and 77 House members from 11 states.

All but two—Representatives Poff and Broyhill of Virginia—were senators and 105 representatives. The statement pledged to exercise "all lawful means" to bring about a reversal of the 1954 decision by the Supreme Court outlawing segregated public schools. No specific courses of action were spelled out.

Sen. George (D-Ga.) and Rep. Howard W. Smith (D-Va.) arranged to read the statement today in the Senate and House. Among other things, it declared the Supreme Court's integration decision to be "a clear abuse of judicial power." It said the justices used "naked judicial power and substituted their personal political and social idea for the established law of the land," and continued:

"This unwarranted exercise of power by the court, contrary to the Constitution, is creating chaos and confusion in the states principally affected. It is destroying the amicable relations between the white and Negro races that have been created through 90 years of patient effort by the good people of both races. It has planted hatred and suspicion where there has been heretofore friendship and understanding."

"Without regard to the consent of the governed, outside agitators are threatening immediate and revolutionary changes in our public school systems. If done, this is certain to destroy the system of public education in some of the states."

Of the 22 senators from the 11 states represented, 3 did not sign the manifesto—Senators Kefauver (D-Tenn.), Gore (D-Tenn.) and Lyndon B. Johnson (D-Tex.).

"I just don't agree with it," Kefauver said. Gore declined comment.

Johnson, the Senate's Democratic leader, said he understood he wasn't invited to join because

the statement's sponsors didn't want it "construed as an attempt to formulate senatorial or Democratic party policy."

British Jet Flies 4,132 Miles an Hour

LONDON (U) — Britain claims her dart-like new jet fighter, the Falley Delta 2, has captured the world speed record with a mark of 4,132 miles an hour.

The Royal Aero Club said the single-jet plane known to airmen as the "Droop Snoot" struck this average in two runs over a nine-mile course in southern England. It recaptured the record from the United States. Test pilot Peter Twiss was at the controls.

Col. Horace H. Hanes of the U.S. Air Force set the previous record last August when he flew a P100C Super Saber at just over 822 miles an hour. Another U. S. plane, the Bell X1A, has flown at 1,650 miles per hour but not under record conditions.

Often the target of invasion, ancient Paris was captured and plundered several times by the Vikings.

TAKES OFF LIKE YOU'RE WEARING SPURS

Come try it — and you're in **BUICK'S THRILL-A-MINUTE CLUB**

THE THRILLS begin in the first sixty seconds — and from then on they come in clusters.

Right off, you feel the stepped-up getaway in Buick's new Variable Pitch Dynaflo — a blazing new take-off even before you switch the pitch.

Because now — right in the topmost inch of pedal travel — right where you do most of your driving — right in the fuel-saving economy range — you're moving with a solid new "take-hold" getaway that's brisk and blessedly smooth.

Then you double the thrill.

For when you want to pass — or climb — or get out of a tight spot fast — you floor the pedal and switch the pitch. That brings you an absolutely smooth burst of full-power go-ahead on the split second — and it's the nearest thing to soaring flight yet.

It's a double-barreled package of excitement —

and it's teamed with the most powerful V8 engine in Buick history — a 322-cubic-inch engine with no less than 9.5 to 1 compression in every CENTURY, SUPER and ROADMASTER.

All that would seem like thrill enough — but you'll find you've hardly scratched the surface.

You'll find yourself glowing all over from the sweet and level buoyancy of Buick's great new ride.

You'll feel a serene satisfaction from the way this trim beauty handles and corners and tracks to the road with the truest sense of direction yet.

And certainly you'll have to feel the good feeling that's yours just from bossing this big and brawny and beautifully sculptured automobile that's like a thing alive, and impeccably obedient.

We'd like you to know and feel all this firsthand — just by trying out a new Buick. That's all you do to join Buick's Thrill-A-Minute Club.

Why not become a member in good sitting today? And when you do, we have some big-thrill news on prices, too.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Leetonia.

Few In California Predict Eisenhower Will Lose State

(EDITOR'S NOTE: This is one in a series of stories by the AP's national political reporters who are surveying the situation across the country in the light of President Eisenhower's decision to seek a second term.)

By MORIE LANDSBERG

SACRAMENTO, Calif. (AP) — A hard thing to come by in California today is any widespread prediction that the Democrats will take the big state away from President Eisenhower in 1956.

Some people tell you they won't vote for Eisenhower again because of his heart attack. Others don't like Vice President Nixon, a Californian. But enough are saying make the Democrats think twice they'll stick with Eisenhower to make the Democrats think twice about their chances.

Nixon or no Nixon on the ticket, Republicans are talking of a landslide victory. The state is booming, jobs are plentiful, business is good. Eisenhower's personal popularity remains high.

Farm folk contend they aren't as well off as they were four years ago but their vote is relatively small in a state with 13½ million population. Eisenhower lost the central valley farm belt to Adlai Stevenson in 1952 — yet carried California by 800,000 votes.

Republicans say they are extra happy over the 1956 outlook. The President's decision to go for a second term called off a possible three-way fight to control the state's 70 delegates to the GOP national convention.

Many Farmers Take On Part-Time Jobs

CLEVELAND (AP) — The monthly "business review" publication of the Federal Reserve Bank of Cleveland says declining income has forced many farmers in the fourth Federal Reserve District to take part-time jobs in other fields to supplement their earnings.

Other factors in the trend from the farm are labor-saving farm machinery and rapid expansion of urban and industrial development, the publication said today.

The number of farm operators in the district, which embraces all of Ohio and parts of Pennsylvania, West Virginia and Kentucky, dropped 11 per cent to 313,380 in the latest census period, 1950-54.

There was a 2 per cent decline in the number of part-time farmers throughout the district from 1950 to 1954, but in Ohio there was a five per cent increase.

Counties where manufacturing, mining, forest product industries or a combination of those fields tend to dominate the economy have the largest percentage of part-time farmers, "Business Review" said.

The predominantly agricultural region of central Kentucky, counties adjacent to that area and those in northwestern Ohio have the lowest percentage of farmers with part-time jobs.

"It seems likely that the shift from farm to nonfarm employment will continue," the publication said, "and that, at least for some years ahead, an increasing proportion of farm operators will engage in off-farm work to the extent that opportunities for such employment exist."

ACTRESS BEATEN, ROBBED
CLEVELAND (AP) — A New York actress was recovering today from a beating and slashing inflicted by an unknown assailant in downtown Cleveland. Augusta French, 46, an understudy in the touring cast of "The Boy Friend," was beaten and robbed of \$112 last night. She suffered a cut hand, a broken tooth and a bruised forehead.

Instead, the three potential rivals—Nixon, Sen. William F. Knowland of California and Gov. Goodwin J. Knight—are united behind the single delegation pledged to Eisenhower in the June 5 presidential primary.

The maneuvering among the state's Republican big three stole most of the interest in the political scene here despite Stevenson's forthcoming contest with Sen. Estes Kefauver of Tennessee for the 68 Democratic delegates. That campaign won't really get rolling for another few weeks.

Oddly enough, Nixon is not a big issue in California—not yet, anyway. There are voters, of course, who wonder whether he'd be right for the job in case anything happened to Eisenhower. But the controversy over the 43-year-old vice-president has originated on the outside.

The California Republican Assembly, a state organization of party clubs, showed no hesitancy in endorsing Nixon for re-election. Party leaders, including Knight, take the position that if Eisenhower taps Nixon again for his running mate, the California delegation certainly will go along.

Murray Chotiner, Nixon's 1952 campaign manager, says: "On the basis of President Eisenhower's opinion of Mr. Nixon and the support he has received from party organization people, it is safe to predict that in all probability he will be renominated."

But Mrs. Clara Shipper, Democratic national committeewoman, is convinced that Nixon will be an issue in the November campaign if he is renominated. California Democrats, she says, are "completely and irrevocably opposed to Nixon and all he stands for."

At the moment, Democrats are pretty busy getting ready for the Stevenson-Kefauver showdown in the June 5 primary.

It's bound to be a hot affair, and the outcome could be close.

The Democratic state chairman, Mrs. Elizabeth Snyder of Los Angeles, predicts Stevenson will come out on top in California. Tom C. Carrell of San Fernando, Kefauver's state chairman, replied: "We're sure we are going to carry California."

Both candidates showed well here in 1952. Kefauver won the primary by better than 2-1, rolling up 115,000 votes, against a slate formed before President Truman decided not to run again. Stevenson polled in excess of two million that November while losing to Eisenhower.

Stevenson appears to have the edge over Kefauver now, coming in as his party's 1952 nominee and with the support of all top Democratic officials in the state except for Mrs. Shipper.

Political writers are not discounting the possibility of a Kefauver victory. The Tennessee senator is backed by a hardworking state organization, and he has proved himself to be a personable campaigner.

Extortion Attempt Probe Continues

CINCINNATI (AP) — Police of Cincinnati and suburban Indian Hill continued investigation today of a \$10,000 extortion attempt against James M. Hutton III, Cincinnati stockbroker.

Hutton said Sunday a man called his home twice last March 1 and again March 3 threatening to harm his daughter, Marianne, seven months old, if the sum was not forthcoming.

The stockbroker said he was told to carry the money with him while conducting normal business affairs on Tuesday, March 6, and the caller would contact him during the day.

Hutton said he was not approached or called by the man. City detectives followed him during the Tuesday specified, but neither they nor Hutton would say if the stockbroker carried the money with him.

Rabbi Says Arabs Spread Propaganda In U.S.

CINCINNATI (AP) — Rabbi Charles E. Shulman of New York, a World War II Navy chaplain, says Arab league governments are spreading Arab propaganda through students in America.

Shulman, in an address Sunday, at a meeting of the Cincinnati Jewish Welfare Fund, also said he believes that Saudi Arabia has launched a campaign of anti-Semitism in the United States.

The rabbi, former vice president of the National Assn. of Jewish Chaplains, said that many students in America from Arab countries come "not to obtain degrees, but to spread Arab propaganda." He said Saudi Arabia hired a New York public relations firm to conduct a campaign of anti-Semitism in the U.S. He did not name the firm.

Canton Man To Be Charged With Slaying

CANTON, Ohio (AP) — Police said charges probably will be filed today against a man held in the slaying of his wife, the mother of seven children. Her body was recovered from a shallow grave in the backyard at their home in the southeast section of town.

Officers said William Armstead, 41, admitted stabbing his wife to death with a butcher knife following an argument March 4.

The body of Mrs. Susie Armstead, 39, was dug from a grave about two feet deep Saturday. Detective Capt. Frank J. Burnosky said Armstead admitted slaying his wife and pointed out her grave after a blood-stained petticoat was found in the basement of the Armstead home.

Burnosky said Armstead told him he stabbed his wife, hid the body in the basement until it was dark and then buried it in the yard. He dug up some more of the yard to make it appear as though he planned to plant a garden, the officer added.

Police said they were told that the Armsteads had been having trouble for some time and that she had planned a divorce.

Lent's Challenge For Young People

By LARRY MUNTZ

I am a youth of 14. When asked the question, "What does Lent mean to you?" I have sometimes answered "the period before Easter when you give up some things you thought you wanted."

I would like to express myself more seriously though. According to my Encyclopedia, "Lent is a Christian Fast period observed by the Roman, Greek and Anglican churches, in preparation for Easter. It is a period of 40 days between Ash Wednesday and Easter Sunday, not including Sundays."

I am really grateful to have been born and raised in a home and confirmed in a church where the Lenten Season is observed.

Larry Muntz, 13, is a member of Holy Trinity English Lutheran Church. A freshman at Salem High School, he is the son of Mr. and Mrs. Otis K. Muntz, Lisbon Road.

This practice varies somewhat according to church doctrine.

Ever since I can remember, the beginning of Lent meant to me the attendance of worship and communion service on Ash Wednesday, church services the following six weeks on Wednesday evening and the observance of Good Friday with Communion service. This period was climaxed by the celebration of Christ's Resurrection on Easter Sunday.

It has always seemed to me that Lent is a time when Christians put

forth more effort to discipline themselves in their eating, social activities and general behavior. Our church stresses close communion with God at all times but during Lent we are urged to take a closer look at ourselves and make a new effort to lead a more Christian life. It is a time that is more solemn and we are more aware of the sacrifices that Christ made when he died for our sins.

Yes, the observance of Lent is more than just giving up some material and worldly things and achieving the accomplishment of it. It is a time when we should learn to check ourselves and to deprive ourselves somewhat because of our love for our Saviour. He gave so much for us.

THE BILLION DOLLAR QUESTION

Here's a Quiz that gives you time to think and food for thought! Your future may be tied up in the answers

Who Needs More Steel?

You do. You are using more steel than ever before. So is everybody else — and there are more people than ever before. There were 76 million Americans in 1900. Now there are 166 million. There will be 200 million of us in 1975.

Why is Steel Important to You?

Practically everything you want now or will want in the future is built of or with steel. Schools, highways, homes, hospitals, appliances, automobiles depend on plentiful steel supplies.

What Are the Steel Companies Doing About It?

They are expanding their plants to increase their annual steelmaking capacity by 15 million tons in the next three years. This is on top

of a 36-million-ton expansion in the last 10 years. Note that the new expansion is at the annual rate of 5 million tons, against about 3½ million tons since World War II.

How Much Will Expansion Cost?

Billions will be needed. Building furnaces and steel mills is only a part of it. There must be ore, coal, limestone and other raw material supplies, plus the necessary railroad and shipping facilities. Rising costs make it difficult to estimate the bill for expansion. But clearly it will exceed \$1 billion annually in years to come.

Where Will the Money Come From?

That's the Billion Dollar Question! Of course, the only continuing sources of revenue which the steel

companies have are the sums they get from their customers and the money the public invests in steel companies.

Out of money which a steel company gets from its customers, it must pay for materials, wages, employee benefits, interest, taxes and all the other costs of doing business. What's left over is profit — and the size of that profit determines the ability of each individual steel company to attract the capital it needs for expansion.

What Does All This Mean to You?

More of all the new things you want... more good jobs... more assurance of a healthy, prosperous national economy in which to live and bring up your families.

Do Not Take Internally!

The Senate's 54-41 turndown of the proposal to support cotton, corn and peanuts at 90 percent of parity was so slick politically it was quicker than the eye. But every congressman knows what is involved.

The Democrats wanted to get credit for proposing fixed parity for these crops and wanted Republicans to get blamed for turning them down.

Republicans who were under heavy pressure for fixed parity also wanted it to be proposed so they could go through the motions of being for it. But they did not want to take the financial responsibility for restoring fixed parity. They hoped, furtively but quietly, that the proposal would be defeated by senators who could afford to be against it.

Parity is not a sure cure for what ails agriculture. Fixed parity, which means a rate of crop support that cannot fall below a fixed percentage, has proved to be poisonous for agriculture. It made worse what needed to be made better.

Agricultural production was geared to government subsidy, instead of to popular consumption. Crops were grown, harvested and stored for the sole purpose of collecting the support price, with no prospect of popular demand. The beneficiaries were chiefly the mass producers of these crops — the huge agricultural enterprises that today dwarf the traditional family farm.

Congress discontinued all such nonsense. But this put politicians in the awkward position of seeming to be against the family farm and its voters when they really were against an arrangement that had proved to be economic poison. That is why so many senators wanted a fixed - parity proposal to be made so it could be licked, while they voted for it to appease their constituents.

Senators know that fixed parity is not what the doctors have ordered for farmers. It is the poison that made them sick in the first place.

Taxation Without Participation

Federal Judge Harlan H. Grooms of the Alabama district is now the spotlight figure in the Autherine Lucy case.

Miss Lucy, the University of Alabama official who are both unwilling and unable to grant her the right to attend a tax-supported school, the National Association For The Advancement of Colored People, the Alabamians who are going on the warpath of race hatred and the other Alabamians who are trying to be fair and reasonable all are secondary to one beleaguered jurist who must uphold the Constitution and the prestige of the federal judiciary.

The U.S. Supreme Court has placed responsibility for its desegregation orders in the hands of federal judges. It has set no time limit on obeying the orders. It has assumed, because no other assumption could be made, that the 14th amendment ultimately will be respected in all places that have spurned it.

No one knows what would happen if a locality, a state, or a bloc of states openly defied the authority of the federal judiciary. The role of the federal judges in carrying out the desegregation orders is to keep that question from reaching a showdown.

Judge Grooms has been doing his best. He has pointed out Autherine Lucy's right to attend the University of Alabama. He has pointed out that under the 14th amendment no state can abridge the privileges or immunities of a citizen. He has made it clear that taxation without participation is contrary to Constitution.

Judge Grooms symbolizes the federal union to which Alabama belongs. The Alabamians who challenge his authority symbolize the credo of disunion that has plagued the United States from the beginning.

Whether or not Autherine Lucy goes to school is less important than whether or not Alabamians continue to feed the fires of disunion that are creeping through the South, to the consternation of southerners who know what it could mean to the union.

Just A Prayer At Twilight

This cannot be verified, but Paul Butler and the other Democratic strategists who are ringing the changes on the health issue in the early stages of the 1956 presidential campaign may be whispering a prayer into their pillows these nights:

"Keep safe until morning the health of Adlai Stevenson, Estes Kefauver and Averell Harriman. May they not falter in any of their bodily functions. May all their aches and pains be tiny ones, too insignificant to attract attention. And especially keep our brother Adlai out of hospitals for kidney stone operations and gall bladder observations. In all ways, may the cards fall in our favor in that great gamble of imponderables wherein the mortal plans of mice and men are matched against the immutable plans of the Almighty pertaining to mice and men. Spare us the humiliation and embarrassment of being hoist by our own petard, as the saying goes. Amen."

Flavor Of Sour Grapes

By DAVID BARNETT

Ike's Popularity Prompts Tart Partisan Jokes

President Eisenhower's popularity, as indicated by public opinion polls, has produced steaming frustration among congressional Democrats.

This frustration has prompted some fantastic dreams and several rounds of nasty, partisan humor.

Among Democratic members of the House, who consider Ike a political enemy first and the nation's President second, this story is being passed with a straight face:

The President's announcement that he would seek a second term is a fraud designed to permit the Eisenhower wing of the GOP to dictate the candidate at the convention in August.

The withdrawal of the President will be announced at a press conference Aug. 1 by Dr. Paul Dudley White, the Boston heart specialist and whale chaser.

Dr. White will recall that just before he made his final examination of the President he had been on an expedition to record the heartbeat of a whale.

Then he will add (so the Democratic fantasy goes) that there had been a slight mistake in his office. Some charts had been switched. It was actually the whale, not the President, who will be able to continue an active life for five to 10 years.

ON THE SENATE SIDE, the Democrats are not so heavy-handed and sharp-worded in their treatment of the theme. But even as bipartisan a Democrat as Sen. Walter George has complained privately to his colleagues that the President does not seem to know what is going on. He relates that at a recent conference at which he conferred on foreign policy with the President and Secretary Dulles, the chief executive did not open his mouth.

Democratic frustration at the way the political picture looks is intensified by a new theme that is cropping up.

Some of the congressional Republicans are beginning to call the Democrat - controlled legislature a "do-nothing" Congress. The tag worked well for President Truman in the 1948 election.

THE THESIS WAS put this way by Rep. Frelinghuysen, New Jersey Republican who is one of the President's favorite young congressmen:

"Congress appears stalled. This is an important election year. Since the Democrats control both the House and Senate, they may well be blamed for the lack of progress. Democrats understandably could fear the charge that they were responsible for a 'do-nothing' 84th Congress.

"Why, then, is more progress not made? Part of the answer may be that the Democrats want credit for constructive legislative action. They realize also that the President's initiative in making sensible and timely proposals makes it easy for Republicans to take this credit. They know of no way of avoiding the dilemma thus created.

"A stalemate may not be inevitable."

10 Most Boring Types

By HAL BOYLE

NEW YORK (AP) — I set out to find the 10 most boring types of people in America.

You may be more sophisticated than I am, but I really was surprised by the results.

My research poll was made among men only. The odd thing about it was (I bow in pride to the irradicable gallantry of the male sex) that no man raised the possibility that a woman, as such, could possibly be boring.

Anged him, yes! Confused him, certainly! Bore him? Never! Hoppen!

Some might question, if I were running an honest dog-trot poll of who are the 10 most common types of bores in America, why didn't I ask the opinion of women.

Frankly, as a fellow who feels he knows more about women than they do about themselves, I thought it would be a waste of time. I knew the answer. Obviously, to a woman, the 10 most boring people she knew would be the last 10 people who did what she wanted.

Well, now, with sex out of the way (at last), we can get down to facts.

Every thoughtful person has his own ideas about our most common American bores, but here are the 10 that resulted from my quick survey:

1. The hobbyists. A new sports car from Germany, a fresh stamp from Abyssinia, a rosy rocket that might reach the moon, three mistakes that if Robert E. Lee hadn't made would have changed the present accent in Brooklyn, and how to make a camellia smell sweet, as well as look ornamental... ah, experts!

2. Anybody who married for the first time, had a baby for the first time, or who just bought a new car, new house, or a new job — and who feels nothing quite like this ever happened before in the history of the world.

3. One who has acquired and brags about a disease so new it isn't even listed in the \$3.95 family medical book you inherited from the old folks.

4. Gourmets. (The trouble with gourmets is that, when they invite

able when one party controls the executive and another the Congress but one seems to be shaping up now.

"If the present situation does not change appreciably, it seems certain that the Democrat - controlled 84th Congress will indeed be branded a 'do-nothing' Congress. Some of the so-called liberal Democrats, chafing under the 'moderate' program adopted by the Texas leadership of the party delegation, agree.

THE WHITE HOUSE has always put considerable importance on the emotional attachment that female voters seem to have for Ike and his "peace" plank.

A recent poll of midwestern farm women, taken for the executive offices, has convinced the President's aides that the women still like Ike because he kept their boys on the farm, even though the family income may be down. This conviction is the base for the backing given by the White House to the farm policies of Secretary Benson.

Note: The emotional impact of that famous grin was reflected by some of the buttons worn at the fourth annual Republican Women's National Conference this week. They read: "For the Love of Ike, Vote Republican."

The Senate investigation of east-west trade has turned up figures that have disturbed both Republicans and Democrats.

Congressional ire at reports of shipments of strategic materials going to the Communists is aimed at two groups:

1. Officials within the government who permitted relaxation of restrictions against such shipments.

2. The few businessmen who love the buck enough to sell to the Reds.

LIKE MANY SUCH serious investigations, this one has spawned a bit of humor that puts the problem in a nutshell. It goes like this:

The scene is the Kremlin, about 1980. The Reds have taken over by subversion and brush-fire wars, most of the civilized world.

Brought before party chief Khrushchev is the last remaining capitalist manufacturer.

Says the Red boss: "Ah, you dirty capitalist pig, now we are going to hold a special ceremony in Red Square. You will be publicly hanged."

Says the capitalist: "Want to buy some good rope?"

Rep. Brooks Hays belatedly reports the latest excursion of an unnamed senator into international affairs.

According to Hays, the senator called the British embassy in the capital on Washington's birthday. He told the staff man who answered the phone: "You are working on one of our national holidays and I am not sure our government would approve of that."

Came the response, in quiet British tones: "My government expects me to be attentive to duty on all American holidays.

"By not being alert on a Fourth of July we lost some valuable real estate."

you out to dinner, they always insist they know the best thing on the menu and you must share their knowledge, too, even though it consists of pickled rabbit's foot.)

5. All sports fans, and particularly New York Yankee fans. One must include here all those who praise the benefits of fresh air but rob you of them by breathing more than their share.

6. All people who don't recognize that diet is an ugly, four-letter word. (One way I keep my own weight down is going to the funerals of people who took drugs to get slim enough to fit into their coffins.)

7. People who have raised their own children — and the results are visible — and still tell you how to rear a more acceptable Adam, a better Eve.

8. The guy with the better way. He knows the place where you can get a finer suit cheaper, a restaurant that serves tastier meals than any you've been able to take your wife to, and a vintage point you never heard of where you can watch the sun rise up in technicolor — and it will cost you less to see it.

9. The provocative bore. He annoys you because he claims a pipeline into anywhere. He knows whether Eisenhower sleeps in striped pajamas and the brand of hair tonic used hopefully by Khrushchev.

10. The silent or secret bore. He bores from within himself. It takes you some time to realize that the only wisdom he actually has is his own desperate realization that everytime he opens his mouth he puts both of feet into it — plus any neighboring foot.

Of course we can all recognize somebody we know in the foregoing list, including ourselves. But I have 26 other types of bores and would like to return to the subject. You may know even more. Please tell me. Who is your favorite bore — and why? But, please let's keep it friendly!

Take ye heed, watch and pray: for ye know not when the time is. — Mark 13:33

Everything comes if a man will only wait. — Disraeli.

"We Interrupt This Program—"

Balm For Democrats

By DAVID LAWRENCE

Defeat of President Eisenhower for re-election has become a distinct possibility.

The press conference remarks of

the President on Wednesday of this week have made inevitable a bitter fight inside the Republican party. It may not be settled at the national convention in August and could definitely influence enough votes in November to cause a serious disaffection among regular Republicans and hence a large "stay-at-home" vote.

If Eisenhower had repeated what he said a week ago — namely, that he would not discuss the vice-presidency because as yet he himself has not been nominated — he would have been on sound ground. But when the President revealed that he had told Vice-President Nixon that he must "chart his own course," he was, in effect, opening up the whole subject for controversial discussion. This now will be intensified by the backers of rival candidates.

IN MANY RESPECTS the press conference this week transcended in political importance the one a week ago. The first was merely an announcement that Ike would run, while the second conference raised the distinct possibility that he may be defeated by a split in his own party.

For it is plain to see that the people around the President who have his ear have overestimated Eisenhower's political strength. They forget that in 1952, while the President carried many states, the margin was very close in several of them. This margin of victory was made possible in many cases by the indefatigable efforts of the Taft wing led by the late senator from Ohio himself.

There will be no such force of harmony to pull the party together again if it splits on the Nixon issue.

ABANDONING Nixon will certainly be interpreted as a move hostile to the Taft wing of the party, which still controls many state organizations, and it is the enthusiastic support of such organizations which is most necessary for victory.

In the effort to persuade the President to run, many of his advisers took the line that he was "sure to win." Then, however, when he made the decision to run, they permitted a serious doubt to be raised as to whether Nixon should or should not be on the ticket. They argued that he was a "liability." What isn't generally known is that in the 1954 Congressional contests, Nixon saved the Republican party from a humiliating defeat in several Western states.

He did so by vigorous campaigning that earned for him the undying enmity of his political opponents.

IT WOULD BE the biggest break the Democrats could get if Nixon is eliminated from the ticket in 1956. Once he is kept out of the vice-presidential nomination, of course, he will not draw crowds or produce a fraction of the political effect that he has heretofore.

The disaffection inside the Republican party is difficult to measure. This writer early in January of this year wrote a magazine article with praise for the President's leadership and indicating that he ought to run again, whereupon a very heavy mail came from Republicans who said they had voted for Ike in 1952 but were pledging themselves never to do so again.

High up in the political councils of the Republican party they know more about these disaffections than they let on. The White House, which sometimes seems insulated against the political facts of life, appears to be unaware of it.

Politically speaking, Eisenhower is often revealed as naive. This is sometimes a virtue, but in campaign strategy it can be fatal.

Thus, the President gave the Democrats plenty of help on the health issue at this week's press conference by continuing to talk about it.

Make sure you get your proper rest, and be careful when you pitch to that fellow Ted Williams. — Yankee pitcher Don Larsen's mother on her advice before he left for spring training.

They (the Russians) have come to the conclusion that our methods are better than theirs. They are trying to play our game. I am sure we can beat them at that game. If we can't, then we ought to be ashamed of ourselves. — Secretary of State John Foster Dulles interpreting Soviet policy.

He (President Eisenhower) and his party have a record to defend, so he can't sit on a summit and say, 'Who me?' — Sen. A. S. Mike Monroney (D-Okla.) urges Democrats to base their campaign against President Eisenhower on his administration's record instead of his health.

Remember now, don't baby him! That was my mistake — I spoiled your father!"

"What do you think of Jordan firing General Neff?"

"Well, Secretary Dulles has flown to Karachi to straighten it out before it all winds up in another Life magazine article. Personally I am more interested in the Senate investigation of Howard Glubb's \$2,500 donation to legislators in the fight to get that gas-beater bill passed."

"I think a lot of trouble can come from Nasser dismissing Hussein. Did you read where Frank Costello lost his last appeal and would have to go back to Italy no matter what Keek wants? The Democrats can't say that Washington has no Costello policy."

"DID YOU LIKE Ike's decision to run again?"

"Yes. And I was glad it came before April so as not to take attention away from Grace Kelly's marriage to the Prince. The peace of the world requires that this wedding get the center of the stage."

"What action do you think Russia will take, in view of the fact this romance is a serious threat to world hatreds?"

"If Khrushchev and Bulganin demand an invitation it can mean another crisis in United Nations. Moscow may offer to finance the whole celebration, and I read somewhere that it had offered tanks and guided missiles to Grace Kelly and the Prince in case of aggressive attack by the photographers and violent souvenir hunters."

"Did you follow that suspension of John Bagot Santee?"

"All I know is that the injunction stopped him from running against Swaps and Nashus."

"What's it all about?"

"Oh, something about campaign contributions to western politicians and charges by the A.A.U. that in running for office some candidates took more than the limit for hotel expenses under the amateur rules."

"Who won?"

"It was a tie with India abstaining."

Inside Labor

If Lucky Luciano and Joe Adonis want to give up the underworld and earn an honest living, they could open up a fine restaurant on the Naples waterfront, not too far from the Isle of Capri ferry. They can expect an influx of big spenders from the U. S. A.—who have just learned they can't take it on the lam from the new New York Grand Jury anywhere within our borders.

This latest Federal Grand Jury took the underworld by surprise. It even took sections of the Justice Department by surprise. And neither of these forces surprised easily. Directed quietly by U.S. Attorney Paul Williams, it was in business even before the newsmen knew of it.

WILLIAMS BELIEVES that New York is the nation's capital for much of organized crime. He believes that this Grand Jury has the power to prosecute anyone anywhere in the nation—even if the mobster or labor or business racketeer has never set foot in the big town.

It is Williams' informed contention that such a thug can be pulled in even from California, for example, and prosecuted in New York, so long as the goon is involved in even one overt act connected with a crime or conspiracy taking place in New York. Williams is not the kind of person who does his crossword puzzles in ink. He's a cautious and painstaking prosecutor.

WASHER-DRYER

JULIAN ELECTRIC SERVICE

302 S. Broadway ED 7-3465

By Victor Riesel

HE IS BACKED by Federal Judge Archie Dawson who impeached the jury, Judge Dawson, in a nighttime television interview which escaped public attention, when he discussed the jury's probe of the trucking and garment rackets, said:

"This thing has national scope. You must remember that anyone anywhere in the nation who is involved in any criminal conspiracy emanating here comes under our jurisdiction and we can prosecute here in New York even though some of the participants come from elsewhere."

Thus speaks the Federal court. The rush for the storm cellars has started because the "first phase" of the Grand Jury probe of the heart of the crime syndicate "is already underway." A high official tells me that "there will be literally scores and scores of witnesses" subpoenaed from labor and industry circles.

NO GOVERNMENT official would, of course, discuss the specific plans of the Grand Jury. But it is learned that in addition to the usual names which have cropped up in the news over the past few years, the heads of some of the biggest trucking corporations will be subpoenaed and quizzed.

This will lead to the waterfront and the smelly trail will be followed right to the heart of the big-time crime syndicate itself. There is some talk, for example, of reaching into the federal prison in Milan Mich., for Al (the Executioner) Anastasia of the old Murder, Inc. The Justice Department is officially on record, charging Brother Albert with powerful influence over sections of the great New York harbor.

Anastasia also is deeply interested in the trucking and dress industries—in which there has been at least one murder of an International Ladies' Garment Workers Union official. From Anastasia the clues will lead to Pennsylvania, where the mob has some dress shops.

THE PROBE is not expected to stop there. If the Grand Jury takes its assignment seriously, and demands a longer life, it will also go deeply into the construction field.

All of these areas are imbedded with racket-political tie-ups. Some observers recall that the Joe Fay scandal shook New York and New Jersey and affected gubernatorial and senatorial elections.

Coming in an election year, this probe can have sharp effect on the presidential and congressional elections — if the Grand Jury goes fully into the political connections.

And it may well do that.

Premium Pay Demand Seen Toughest Issue

CLEVELAND (AP) — Steel Magazine says the United Steelworkers' demand for premium pay on week-ends will be the toughest issue in negotiations which will start around June 1.

The demand would equal a pay boost of 35 cents an hour, the weekly metalworking publication said. Steel prices will go up seven higher than the added labor costs, the magazine added. This, it said, is due to a 6 per cent hike in rail freight rates and an 8 per cent increase in iron ore prices.

Since November, steel prices have climbed 1.6 per cent.

Last week, the magazine's composite price in finished steel held at \$128.02 a net ton, while scrap fell to \$48.50 a gross ton, nearly \$5 below the January high.

Production rose ½ point last week to 9 per cent of rated capacity.

River Crests To Be Below Flood Stage

By The Associated Press
Expected crests along the Ohio River from Huntington, W. Va., to Cincinnati today are one-half to three feet below flood stage.

The U.S. Weather Bureau reported a "very light" rain fell in the river valley Sunday but said it will not raise the river level. No more rain is expected to fall in the region before Tuesday.

The state highway patrol reported five secondary roads in Monroe, Athens and Meigs counties closed due to high water.

At Dam 28 near Huntington, the

river crested at 46.9 feet Sunday.

Flood stage there is 50 feet. At Maysville, Ky., a 48.5 foot crest, one-half foot below flood stage, was expected at noon today.

A 30-foot crest, two feet below flood stage, is expected at Cincinnati at midnight tonight.

Seven Area Women Attend GOP Session

Seven area women have returned from attending the four day national conference of Republican women in Washington, D. C. last week.

The party was composed of Mrs. J. W. Astor of Salem, 18th district member; Mrs. Jean Blair of Warren, 11th district member; Mrs. Edward Gilman, of Youngstown, 19th district member; all members of the Ohio State Central Committee; and Mrs. Howard Mansell of Boardman, president of the Mahoning County Republican Women's Club; Mrs. George R. Huston of Salem, president of the Salem Republican Women's Club; Mrs. Mary Robinson and Mrs. Sara Wilkinson, also of Salem.

The group was a part of a delegation of 176, which was the largest delegation present. Of special interest were the sessions at which President Dwight D. Eisenhower and Vice President Richard Nixon spoke.

Entertainment for the group included a luncheon given by the Republican Women's League of Washington, D. C., at the Mayflower Hotel; Frances P. Bolton of Cleveland, Congresswoman of the 22nd district, entertained all the Ohio delegates at a dinner in the Williamsburg Room, of the hotel Tuesday evening; and Senator George H. Bender and Mrs. Bender were hosts at a luncheon in the old Supreme Court Room, Capitol Building, Wednesday.

Slice cupcakes in half crosswise and fill with chocolate fudge frosting. (Use packaged mixes for both the cake and the frosting, if you want to save time). Top the filled cakes with whipped cream and dot with bits of semi-sweet chocolate. Serve this double-chocolate dessert with plates and forks!

RETIREES AFTER 36 YEARS—When Jennie Quinn sat down at her bench Friday to begin lining chinaware at the Salem China Co., the 64-year-old woman went to work for the last time.

Friday culminated Jennie's 36 years employment with the company which hired her in March, 1920 as a rim liner of dishware.

In the picture above, Harrison Keller, president, is shown presenting Jennie with a gold tea service.

Mrs. Quinn who lives with her husband Joseph at 417 E. Pershing Ave., isn't the only one in the family thinking of leisurely days ahead. Her husband will retire in June from the Youngstown Kitchens Division of the American Standard Co. where he has worked as an enameler for 30 years.

The couple, who observed their golden wedding anniversary July 8, are the parents of four children: Don of Mansfield, Charles of California, Louis of Salem, and Mrs. Andrew Vegh of Canton.

Miss Barbara Richey Is Feted At Shower

Miss Barbara Richey, bride-elect of Richard D. Amon, was honored recently at a kitchen shower at the home of her grandmother, Mrs. Earl Cresser of RD 1, Lisbon.

The shower was given by Miss

Richey's cousins, Bonnie Cresser and Ruth Hays, and her sister, Carol Richey. The hostesses were bridesmaids at the wedding which took place Sunday evening in the Hanoverton Presbyterian Church.

Guest were present from Lisbon, Salem, Columbiana Sebring, Kensington, Homeworth and Hanoverton. Lunch was served and games were enjoyed.

The honoree is the daughter of Mrs. Fred Kelton of RD, Hanoverton and the late Homer Richey. Mr. Amon is the son of Mr. and Mrs. Wilbur Amon of RD, Kensington.

Mrs. Lang Hostess To Club Associates

Mrs. Matt Beckert was a guest at Thursday's meeting of the One O'clock Luncheon Club in the home of Mrs. John Lang of Pershing St.

Game prizes were shared by Mrs. Michael Kloos, Mrs. Kathryn Gunesch and Mrs. Katherine Roth.

The next meeting will be March 22 at Mrs. Gunesch's home on Newgarden St.

Hypnotists

Continued From Page One

experiments could shed new light on reincarnation.

On these mechanics they were in agreement:

When a subject under hypnosis is told to go back and relive his past—scientists call it regression—he will comply to the best of his ability, drawing on all the resources at his command. These resources may include the memory of past experiences, knowledge he has gained from other sources—and fabrication.

"It is important to note that there are two kinds of regression," said Dr. Louis R. Wolberg, director of the post graduate center of psychiatry and associate professor of clinical psychiatry at New York Medical Center.

Playing A Role
"One is true regression, in which a good subject is able to relive parts of his natural existence which he can no longer consciously recall. The other, by far the most common, form is nothing more than hypnotic role playing."

Experimenters at Yale University School of Medicine took another tack: they projected into the "future" five subjects who previously had been taken back into the past; and received equally convincing performances in either direction.

"The stories they gave were quite plausible in view of each subject's background," commented Dr. Richard Newman, professor of clinical psychiatry.

They were reported transferred to the frigate after a plane flight to the port of Mombasa.

The Greek Ministry of Interior in banning demonstrations reacted quickly to warnings by the sponsor, Archbishop Spyridon of Athens, that the mass meetings might degenerate into violent rioting.

While the government banned mass meetings, it showed its anger at the British in other actions. It suspended indefinitely the teaching of English in elementary and high schools. It closed the British Institute and four other British-subsidized agencies. It canceled horse races and all athletic meetings "as a precautionary measure."

Damaging Termites Conquered On Land

By HENRY PREE

Most folks think of injurious insects as pests of cultivated plants of the garden. Unfortunately some of these insects follow us into our homes, where they annoy us by feeding on clothing, food and sometimes the house itself.

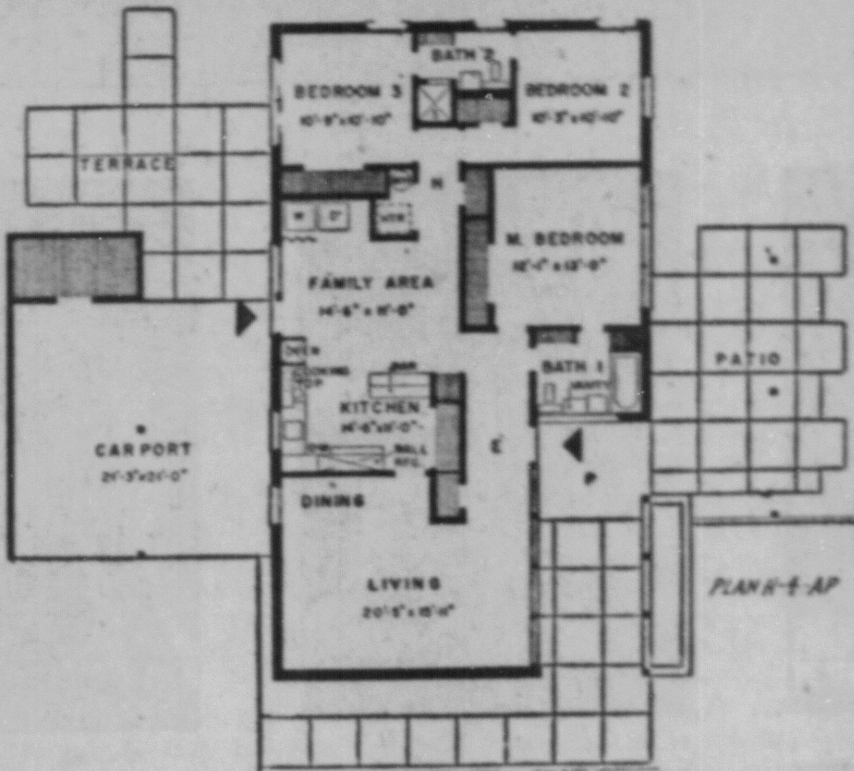

While the average homemaker becomes disturbed upon the discovery of months in woolen clothing or weevils in the cereal, she really gets excited upon observing a few large black ants scurrying along the baseboard or apparently appearing from somewhere in the basement.

While these insects probably are black ants, they could be termites. If termites are in your home they reveal a tragic fact, for somewhere in the timbers or flooring a colony of them is feeding on the cellulose in the wood.

Termites closely resemble ants, but they are not true ants. The best way to tell termites from ants is to look at the "waist." Ants are deeply constricted while termites have a broad joining between thorax and abdomen.

Their native home originally was in the forest, where they lived on decaying timber. Since decaying stumps and logs are infrequently available, termites have become more destructive to woodwork in buildings, fence posts, or any timber in contact with the soil. The

SOUTHWEST TEMPO — A smartly designed house for modern living. Compactly designed for year-round air conditioning, this plan features an open family recreation room and kitchen in the heart of the house. In addition, a large living room, three bedrooms and two bathrooms are arranged for excellent circulation. A broad white roof with overhanging eaves stretches from a fenced-in patio on one side over carport on the other side. This is plan H-4-AP by Charles E. Armstrong, 1013½ University Dr., Fort Worth, Texas. The house covers 1,485 square feet and porch, patio and terrace 636 square feet.

only known food of termites is cellulose, which they get mostly

from dead but sometimes living vegetation.

The young termites eat the cellulose in the wood as they grow. They make channels through timbers quite a ways above ground, but they always keep an unbroken connection with the earth.

Nests are always in wood underground. This may be a dirt-covered block of wood left from building construction. It also may be some part of the building timbers which is in contact with the soil. The insects work up into the dry timbers, sometimes even into the furniture and under rugs, but in every case they have some direct contact with the soil.

It is here, in the soil next to the building foundation, that the property owner wages his war against termites.

The weapon is a 45 per cent chlordane spray. This chemical has proved very effective in soil treatments. Literally it is trench warfare.

Mix one to two quarts of the chlordane solution with 25 gallons of water. Apply this mixture at the rate of one gallon per one linear foot in a trench dug next to the building foundation one to two feet deep and 8 to 12 inches wide.

In addition, apply the mixture to wood in which there is evidence in infestation.

Advantages cited for chlordane are: effective, quick initial control; long residual effectiveness in the soil (several years); efficient and economical; causes no injury to plant growth in its water emulsion form; controls many other soil and turf insects and it kills the insects instead of repelling and dispersing them.

Fix-it Forum

Q—Is it possible to install remote-control wiring systems in existing houses?—L.G.

Q—Yes. Remote-control systems use conventional wires to carry electricity to all outlets, but very fine wires are run to switches. The wires are so fine they may be installed behind baseboards, along moldings and may even be plastered into walls. Voltage in these control lines is not dangerous since it is stepped down about 80 per cent by a transformer.

Storm Window Switch Warning Is Issued

Glib, fast-talking storm window salesmen for out-of-town operators are pulling the slickest switch on hundreds of home owners this district has seen in years.

The campaign, baited with widely advertised "bargain" priced aluminum storm windows that are almost impossible to get, covers the entire tri-state area.

The bait is aluminum storm windows at \$10.45, \$7.77 and \$7.50 "no r.m.a.l. installation included." "lifetime guarantee" . . . whatever the quoted phrases mean.

Using the gimmick of a cut rate price window that is almost impossible to get, the fast operators obtain entrance to a house, and get a contract signed if possible. Then they substitute a higher priced window.

At least three such firms appear to be using the bait advertising and bait-switch techniques as they are called by Better Business Bureaus.

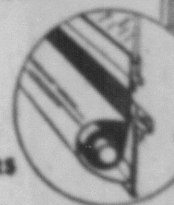

Business practice organizations offer this advice:

- 1—Don't buy from unknown sources.
- 2—Beware of firms that advertise "fantastic bargains."
- 3—Watch out for salesmen who keep lowering the price as they talk.
- 4—Remember that long-term guarantee's mean absolutely nothing unless the firm behind them is a reputable one.

Carmen Basilio Favored To Retain Title Against Saxton

10,000 To See Bout Wednesday

Both Fighters Look Sharp In Last Drills

By CHARLES CHAMBERLAIN
CHICAGO (AP)—Carmen Basilio, unbeaten in his last 15 fights, rules a 9-5 favorite to retain his welterweight title against former champ Johnny Saxton at Chicago Stadium Wednesday night.

Both tapered off in drills today and looked sharp for the nationally broadcast and televised 15-round bout. The outlet is ABC, starting at 10 p.m. EST. Chicago and a 150-mile radius will be blacked out.

A crowd of 10,000 contributing to a \$75,000 gate is expected. TV-radio proceeds will add another \$50,000. The fighters divide the net equally on a 30-50 basis.

Basilio was a 2-1 choice until the odds slipped over the weekend and one observer looked for an 8-5 line by fight time.

Basilio, who will be 29 April 2, hasn't lost since he failed to lift the 147-pound title from Kild Gavilan before a Syracuse hometown crowd Sept. 18, 1953.

After that he knocked out Johnny Cunningham in four, fought two successive draws with Pierre Langlois and Italo Scorticini, then won 12 in a row.

He stopped Tony DeMarco in a sizzling 12 rounds to capture the crown at Syracuse last June 10, then defeated Scorticini and Gil Turner before again knocking DeMarco in a title defense Nov. 30 at Boston.

That was Basilio's last start. He's boxed more than 120 rounds in preparing for 25-year-old Saxton. Saxton and Carmen never have fought before. The powerfully built Brooklyn brawler won the welterweight championship from Gavilan in Philadelphia on Oct. 20, 1954. He lost it to DeMarco April 1, 1955 in Boston, being stopped in the 14th.

Johnny has scored a six-round kayo over Jimmy Fuller and won decisions from Joe Shoro, Jackie O'Brien and Tiger Jones since then. He hasn't fought since licking Jones, conqueror of Sugar Ray Robinson, at Oakland, Calif., last Nov. 9.

Basilio, a converted southpaw, is expected to open up with a vicious body attack to draw down Saxton's guard.

"He may win the early rounds, but I'll be ready to take charge by the seventh," says Basilio whose overall record is 48-11-7 with 22 knockouts.

Being an underdog is nothing new to Saxton, who has lost only four times in 55 fights and has scored 20 knockouts. But some of his bouts have left something to be desired. He's frequently been booed for his crowding, bobbing and clinching style.

"In most all of my big fights, I've been on the short end of the odds and won," he says. I never pay any attention to the odds."

Louise Suggs Takes Titleholders Crown

AUGUSTA, Ga. (AP)—Little Louise Suggs earned her third Titleholders crown the hard way, by whipping hay fever, a seldom displayed temper and 44 of the nation's best women golfers.

The Sea Island, Ga., professional pocketed \$900 yesterday after edging 3-year-old Patty Berg, the defending champion from St. Andrews, Ill., by one stroke in the 72-hole tournament. Miss Berg collected \$675.

Each covered the final 18 holes on the hilly, 6,270-yard Augusta Country Club course in 74 strokes, 1 under women's par. Miss Suggs had a 78-75-74-302 card. Miss Berg shot a 79-77-73-303.

"My biggest problem on the final round was controlling my temper," said Miss Suggs, who was suffering with hay fever both Saturday and yesterday. "I was hitting well, but the ball was taking bad bounces at the start and I was boiling."

Training Camp Briefs

ST. PETERSBURG, Fla. (AP)—Mickey Mantle hit a 400-foot homer to give the New York Yankees 4-3 victory over the St. Louis Cardinals Sunday, but Casey Stengel isn't happy. His Bombers are not bombing as they should in his opinion.

The Yankees were held to two hits by an assortment of Cardinal pitchers in the exhibition opener Saturday and Sunday they were checked to one each in three innings stints by Wilmer (Vinegar Bend) Mizell and Tom Pholsky.

CLEARWATER, Fla. (AP)—Attention in the Philadelphia Phillies camp centers today on Curt Simmons, the big southpaw pitcher who has to come back strong if the Phils hope to fit in the National League pennant picture.

Simmons, bothered with arm trouble last year when he compiled an 8-8 record, is still unsigned for the 1956 season pending his showing in spring training. He is scheduled to work against the Pittsburgh Pirates today in his first competitive outing of the year.

SCOTTSDALE, Ariz. (AP)—Slapped down twice over the weekend by the Chicago Cubs, the Baltimore Orioles today tried their luck against the visiting New York Giants.

Manager Paul Richards said veteran pitchers Jim Wilson, Ray Moore and George Zuverink will take the mound today as the Birds try for their first "cactus League" triumph.

About the only bright spot for Baltimore in its first two games has been rookie outfielder Tito Francona. He belted a home run and drove in both Oriole runs in the 3-2 loss to the Cubs here Saturday.

SARASOTA, Fla. (AP)—Ted Lepcio, Milt Bolling and Heywood Sullivan are stalling the batting show these days for the Boston Red Sox.

Lepcio, playing third base, got three hits including a grand slam home run Sunday as the Sox handed the World Champion Brooklyn Dodgers their second straight setback in the Grapefruit Circuit 17-5. Sullivan had a 4-for-6 day including a pair of doubles and 4 RBI's. Bolling went 3-for-4 with a double included good for two runs.

LAKELAND, Fla. (AP)—Manager Bucky Harris of the Detroit Tigers had three arms to worry about today — two left and one right. They belong to pitchers Bob Miller and Billy Hoelt and outfielder Al Kaline, the righthander of the trio.

Miller got cracked on the left wrist by a pitched ball in the seventh inning as the Tigers whipped the Washington Senators, 5-4, Sunday.

Hoelt, whose left arm pumped out 16 Detroit victories against seven defeats last season, had to quit throwing after warming up 15 minutes Sunday.

Kaline revealed he had been nursing a sore throwing arm for several days.

Santee To Run In Cleveland

To Race No Matter What Court Decides

MILWAUKEE (AP)—Miler Wes Santee, facing trial Thursday in his battle against professional charges by the Amateur Athletic Union, plans to run next Saturday in Cleveland's Knights of Columbus Games.

"My plans are to run in Cleveland, no matter how my trial comes out," the former Kansas State star declared Saturday night after winning his section of the Journal feature mile in 4:10.5.

The 24-year-old Marine lieutenant is under a lifetime suspension by the AAU, which ruled he accepted excessive expense money in meets last year. He blocked enforcement of the suspension by securing an injunction that was twice upheld over the appeals of the AAU.

"If my suspension sticks," he said, "we have plans. We hope to move through normal channels. I am not at liberty to divulge what those plans are." The trial on the injunction proceedings will be held by the New York Supreme Court.

Saturday night Santee defeated easily Ed Kirk of the Air Force, who was second, and Bill Taylor, a Marine stationed with him at Quantico, Va.

Other events saw Abe Woodson of Illinois equal the world, American and meet record of 6.1 in the 50-yard high hurdles. Three new meet records were written, two of them by Pittsburgh entrants.

Arnie Sowell covered the 1,000 in 2:10, and the two-mile relay team, anchored by Sowell, claimed a 7:35.2 mark.

Mal Whitfield ran the 600 in 1:12.6.

Plans To Be Made For Women's Golf Assn.

Plans to organize a Youngstown District Women's Amateur Golf Association will be discussed at a meeting at 8 p.m. Tuesday, March 20, at the Mahoning Country Club. The association will be patterned after the men's YDAGA and will be open to women who reside or play regularly on any private or public links within a 25-mile radius of Youngstown.

Five tournaments will be scheduled during the golfing season on various courses in the district and approval has already been received from club pros for the use of these courses. Tentative plans call for a 36 basic handicap limit for 18 holes for eligibility to play in the association.

All area women are invited to attend the planning meeting March 20. Dr. Frank "Chips" Bellino, YDAGA president, will be among the speakers.

Wynn Hawkins Makes AP All-Ohio Cage Team

Wynn Hawkins, former cage star at New Waterford High School and present scoring leader as a member of the Baldwin Wallace Yellow Jackets basketball team, has been selected to the third team of the Associated Press' 1955-56 All-Ohio college basketball team.

First team All-Ohio choices by state coaches and sports writers were: Bill Uhl, Dayton; Phil Wheeler, Cincinnati; Jim Paxson, Dayton; Jim Boothe, Xavier; and Jim Ray, Toledo.

Ohio State, of the 40 Buckeye colleges, was not considered in the all-state selections.

Reaping Right Captures \$51,350 Louisiana Derby

NEW ORLEANS (AP)—Reaping Right, winner of the \$51,350 Louisiana Derby and labeled "Genuine Kentucky Derby timber" by jockey Robert Lee Baird, goes after further honors and another acid test in the \$100,000 Florida Derby March 24.

The powerful son of Reaping Reward, owned by Detroit automobile dealer T. A. Grissom, galloped to a length victory in Louisiana's 31st "run for the orchids" Saturday. The triumph gained him support as a contender for bigger three-year-old stakes, including the Kentucky Derby, later in the spring.

32 Ohio Teams In Running For A, B Crowns

By FRITZ HOWELL

COLUMBUS, Ohio (AP)—Middle-town's top-ranked Middies, gunning for an unprecedented sixth class A high school basketball title, met Portsmouth's 1931 champions Friday at Cincinnati in the feature of the weekend's regional tournaments.

Middletown topped the Trojans twice during the regular campaign in piling up a 21-0 record as Portsmouth compiled a 16-6 mark. No matter which team wins, the victor probably will have to face Cincinnati Hughes in Saturday's final.

Last year Hughes defeated Both Portsmouth and Middletown in the regional, and went on to the state finals as runnerup to Zanesville. Hughes (20-3) is favored over Troy (16-6) in the other Friday semi-final.

With 1020 of the state's 1032 teams eliminated in the fast and furious tournament play, the remaining 16 class A and 16 class B squads will battle it out this weekend for four state tourney berths in each division. The state meet is March 23-24 at Cleveland.

Besides Middletown and Portsmouth, the lone former champion in the class A field is Martins Ferry, the 1941 victor, which hangs into Canton McKinley's giant killers Friday in the Canton Regional. McKinley, with an 18-3 record, has topped Canton Timken and Akron South, the seventh and sixth-ranked teams in the final Associated Press poll, in tournament play.

Alexander, Haschen Qualify at Pittsburgh

Jack Alexander and Herb Haschen of Salem qualified Saturday for the finals in the Tri-State Track Coaches Tournament which will be held March 24 in Pittsburgh. Alexander qualified at 5'-6" in the high jump and got off an 18 feet 11 inches leap in the broad jump, but did not qualify in that event. Haschen won his qualifying heat in the 50-yard dash with the time of 5.6. The record there is 5.4. He finished third in the quarter finals and second in the semi-finals.

John Buta, who represented Salem in the shot put, tossed the iron ball 40 ft., but didn't qualify in the event which was won with a throw of 51 ft.

Chuck Price of Boardman made a good showing in the 30 yrd. low hurdles and two men from East Palestine finished third and fourth in the shot put.

Coach Zellers stated that most of the schools in the meet run track all year round and this meet is their finale before they start the outdoor season. He said that he took some of his team over to give them experience in running under fire and against tough competition.

Loes Angered At Talk He Pampers His Arm Too Much

VERO BEACH, Fla. (AP)—The next person who tells Billy Loes he'd be a sure-fire 20-game winner if only he would put out a little more and not pamper his arm, had better be prepared to duck.

All winter long, and practically every day in camp, reporters and some Brooklyn Dodgers teammates have been telling him he has as much stuff as any pitcher in the league. Then they ask why he never has ranked among the National League's top winning pitchers.

Loes' answer is one word — "Nuts."

"The way they talk you'd think I was a losing pitcher," Loes lamented. "Heck, I've never had a losing season since I've been with the club. Okay, so I never won 20. If I did, they'd say 'you should have won 25.'"

"The only guys who complain are the writers. They call me lazy because I pitched only 128 innings last year. They say I should pitch at least 250 innings. They don't consider that I had a sore arm."

"One of the smartest statements I ever heard was by Birdie Tebbets, the Cincinnati manager," Loes added.

He said "it's not how many games you win but how many you can keep from losing. That's the way to win pennants."

"In 1952," Loes went on, "Brooklyn had no pitcher who won more than 15 games. But we won the pennant. You know why? Because nobody lost in double figures. I had 13 and 8. The next year I had 14 and 8, and then 13 and 5 and last year I was 10-4."

West Illinois, Geneva Seeded In NAIA Play

KANSAS CITY (AP) — The 18th national intercollegiate (NAIA) basketball tournament, a dizzy scramble by 32 of the country's best small college teams, opened today with its field packed with outstanding entries.

Coe College (20-4) of Cedar Ra-

pids, Ia., and Stephen F. Austin (21-5) of Nacogdoches, Tex., started the six-day marathon at 11 a.m. CST.

Eight games — Four afternoon and four night — are scheduled through Wednesday. The championship will be decided Saturday night.

Top seeded and with exactly the same players that carried it to third place in the tournament last year is Western Illinois of Macomb. The Illinois team, featuring Lupe Rios, comes up to the meet with

a 26-2 record.

Among the other more highly regarded teams and the order of their seeding are Geneva, Beaver Falls, Pa. (23-2); Wheaton (Ill) (26-3), and McNeese, Lake Charles, La. (28-3).

Wheaton became a surprise element in the tournament when it was certified late Saturday to replace Delta State of Cleveland, Miss., which withdrew as Alabama-Mississippi representative because of racial tension in that area.

Wheaton lost in the Illinois third

place playoff by one point to Western Illinois and was promptly given the third place rating.

AVOID COSTLY ERRORS!
ALWAYS DEAL with a REALTOR

Your Realtor...

-KNOWS MARKET VALUES

thereby assuring his clients the knowledge they will receive full value for the sale of their properties. And by establishing a fair selling price for his clients' properties, the Realtor also protects the future buyers from exploitation and over payment should they be unaware of current market values.

-KNOWS FINANCING

a service which is unestimated in value to those unacquainted with procedures used in acquiring FHA, VA or conventional home loans. His professional recommendations can be relied on completely.

-KNOWS PERMANENCE

as a reputable member of his community depends on his willingness and determination to accept full responsibility for the accuracy of technical handling of any transaction to clear his office. He is no "fly by night" whose obligation to his client ends with the closing of a deal.

-KNOWS ALL PROCEDURES

necessary to consummate a real estate transaction as required by law either Federal, State or local. Your Realtor's experience in handling this "paper work" accurately is one which may spare you unnecessary future complications due to errors.

-KNOWS ADVERTISING

to be used for benefit of his clients. His ability to publicize and advertise his listings before a broad market of buyers is one which cannot be matched privately. Yet, this service is free of cost to his clients.

-KNOWS HIS DUTY

as a Realtor is to protect the mutual interests of both the buyer and the seller in any real estate transaction he is under contract to handle. Rely on a Realtor's experience to help you!

Ruritan, Rotary Clubs Plan Joint Meeting At Columbiana

COLUMBIANA — Fairfield Ruritan Club will join with the Rotary Club this evening for the first time in honoring the most outstanding 4-H club member in Columbiana and Fairfield Township at the annual 4-H banquet at Heck's restaurant at 6:30.

The Rotary annual memorial awards in honor of James Fitzpatrick, who gave his life in World War II, will be bestowed on the outstanding 4-H member. Harry Eberhardt, program chairman, has obtained as the speaker Russell B. Smith of Ohio State University, supervisor of 4-H work in North-eastern Ohio.

As a benefit for its underprivileged child fund, the Kiwanis Club is serving a pancake and sausage supper at Joshua Dixon School from 4 to 8 p.m. today.

The public is invited to Jerusalem Lutheran Church for a showing of the film, "Martin Luther," at 8 p.m. tomorrow in connection with a meeting of the Friendly Folks class of the church.

A PLAYLET, "Western Round-up" will be presented with music by pupils of the fourth, fifth and sixth grades of the Columbiana schools in the High School auditorium at 8 p.m. tomorrow under the direction of Mrs. E. Gordon Warner, teacher of vocal music in the grades. The third scene of the playlet will show cowboys relaxing with the townspeople in an evening of square dancing and singing. Some of the cowboys will be Anthony Ross, Richard Holmes, "Buddy" Schmidt and John Wonseller. Wilbert Dyke will lead cowboy singers. The public is invited. There will be a small admission charge. Through the State Farm Bureau a car containing one-quart berry baskets was delivered here yesterday by the Pennsylvania Railroad. About half the 400,000 baskets in the carload were taken at other

points before the car reached Columbiana.

Columbiana Farm Bureau will retain 110,000 baskets, and the remainder will be for Jefferson and Carroll Counties. The baskets came from Tennessee. Most of the fruit baskets being used now are made in the South, former producers in the North having quit the basket business.

The Philo Class will have its annual birthday party in the Methodist Church Thursday evening after the community Lenten service in the Presbyterian Church. Jennie Newcom, Helen Maurer, Vivian Busby, Ruth Vaughn and Dorothy Hoffman are the committee.

Columbiana school pupils through the eighth grade will have their annual spelling bee in the High School auditorium Friday afternoon. Mrs. W. E. Ferrall will pronounce.

CHIEF OF POLICE William McGuckin warns drivers that motor vehicles must yield the right of way to pedestrians crossing streets at cross walks; that complaints of speeding in different parts of town have been verified, and that dogs are not permitted to run at large.

Directors of Columbiana Chamber of Commerce will meet in the high school building this evening after the service club meetings to reorganize with the newly-elected directors for the year.

Columbiana Music Study Club will have its March meeting in the Presbyterian Church at 8 p.m. on Wednesday.

Mrs. Lee Bookwalter and Mrs. Elmer Detwiler Jr., are the delegates of the Columbiana Garden Club to the Youngstown Garden Forum, Wednesday.

The dinner to be given new kindergarten mothers by the Kindergarten Mothers' Club at Heck's Restaurant will be at 6:15 p.m. on

Greeley Grange Meets In Session

NEW ALEXANDER — There were 25 members present when Greeley Grange met in regular session with Worthy Master Lowell Smith in charge.

Mr. and Mrs. Milton Heim and Ruth Am of Warsaw were special guests.

The charter was draped in memory of two deceased members, Scott Guthrie and Beulah Good.

Committees on resolution of respect for Mrs. Good are Cecil King, Mrs. Floyd Herrington and Mrs. A. L. Heastand and for Mr. Guthrie are Miss Magdalena Hahlen, Carl Murray and Floyd Herrington.

Communications read were thank you notes for the donation to the Youth Fund and from Mrs. J. Russell Mangus and Mrs. John Anderson who have been ill. Resolutions from the State Grange were read. Past Master Mrs. A. L. Heastand was in charge of the Past Master's program.

Mr. and Mrs. Charles Heim were honored on their fifty-fifth wedding anniversary which was Wednesday, March 7.

Program as follows: Song "Auld Lang Syne," recitation and song by C. W. Heim; reading, "The Mystery of a pack of Playing Cards," Cecil King. Reading by Raymond Heim. Saxophone solo.

Wednesday, April 18, instead of April 11 as previously announced.

Fire Chief Donald Hisey called out the department with an alarm at 12:50 p.m. Saturday to stand by while dead vegetation and brush, regarded as a fire hazard, were burned off a half dozen spots about town.

The firemen were still engaged at that task when an alarm at 2:15 called them to E. Park Ave. Ext. to put out a grass fire at the rear of James Stiller's greenhouse.

A Pittsburgh - Baltimore truck-trailer, eastbound with a load of heavy rolls of raw rubber from the Goodrich plant in Akron turned the corner too fast at Salem St. to go north on Main St. to the by-past at about 2:30 p.m. Saturday, causing the trailer to upset against a tree in front of the residence of T. A. Hill on the east side of Main St. Although the street was not completely blocked, auxiliary police directed traffic until the trailer could be removed. George Arnold, 28, of Glen Burnie, Md., driver, was not injured.

McCULLOCH'S NOTION SECTION

LINCOLN

The longest, lowest, most powerful Lincoln of all time

If this changes your former preferences...you're in good company!

We'd like to make a prediction about you. Without reservation, we prophesy that you will revise your fine car standards upward after even a brief personal meeting with Lincoln for 1956.

The reason for our confidence? Simply this: the pleased people we've watched in our showrooms—and the names we've been writing on our waiting lists—ever since this completely new fine car made its debut.

We're certain that you—like these others

who really know fine cars—will recognize at once the dramatic whole newness of Lincoln design. In its long, clean sweep of line. In the breathtaking daring of its low silhouette, a scant five feet high.

And we further forecast this: when you turn the key, your interest will turn to admiration. For you will feel the swift obedient thrust of the new 285-hp Lincoln engine as it is served up with silken smoothness by Lincoln's incomparable Turbo-Drive trans-

mission. You will know the gentle firmness of Lincoln's ball-joint suspension system.

And all this, surrounded by the matchless luxury of Lincoln interiors...encircled by the protection of Lincoln safety advances... pampered by the automatic ease of Lincoln power assists.

We suggest you put our prediction to the test this very week—with a Lincoln safety-flex steering wheel in your hands and a long road before you. Why not make it today?
